

## Central Virginia Modern Quilt Guild Community Giving Program

The CVAMQG community giving program allows us to assist a charitable organization by doing what we do best—providing handmade quilts!

We support the Richmond Behavioral Health Authority ([rbha.org](http://rbha.org)), a public agency and nonprofit organization that provides mental health services. RBHA offers a residential addiction treatment program that allows mothers to bring their young children (newborn to age 11) with them.

Our volunteers make and provide between 30 and 40 comfort quilts (not bedding) annually for the children in the program. We welcome your support, but you are not obligated to participate in any way.

As an alternative to making a finished quilt, volunteers may provide fabric, piece or sew tops, sandwich, baste, quilt, or bind (by hand or machine), and/or attach labels. 100% cotton batting is available upon request.
